Welcome to the Princeton Family YMCA’s School Age Child Care!

We are pleased to welcome you and your family to our out of school time programs provided by the Princeton Family YMCA. We are delighted to be serving the Princeton Public Schools and the Montgomery Township School District with Before and/or After School Programs that build character, develop leadership, foster growth in social and academic skills, and most importantly provides hours of fun and friendship for kids.

The YMCA School Age Child Care Program focuses its curriculum on building healthy life styles by offering activities that support spirit, mind, and body. Program participants will have opportunities to make friends, explore interests, run, play, develop new skills, and engage in critical thinking. Our CATCH program encourages physical activity for children each afternoon, ensures minimal screen time, and provides daily healthy snacks.

During the school year, 15.1 million children nationwide do not have access to after school programs and are left unsupervised after 3pm, according to the Afterschool Alliance. In YMCA School Age Child Care Programs, youth are in a safe and nurturing environment with caring adults who encourage them to reach their full potential and explore interests.

As the leading non-profit for youth development, the YMCA is the nation’s largest child care provider; we believe all kids deserve the opportunity to discover who they are and what they can achieve. In YMCA programs, millions of youth are cultivating the values, skills and relationships that lead to positive behaviors, better health and education achievement.

The YMCA is for youth development, healthy living, and social responsibility. Our out of school time programs work in partnership with schools and parents to build developmental assets in young people to help them prepare for a healthy and happy life.

We hope that each family has a great experience with our YMCA.
